Successful bidder will be announced at the council meeting which begins at 6:00PM on May14, 2024.

SUPPLEMENTAL INFORMATION

- The grass on the edge of pavement to be clipped prior to paving and after paving to maximize roadway width. Streets are to be thoroughly swept prior to tack coat being applied.
- Tie to existing paved driveways.
- Stub out 2 feet for non-paved driveways
- Prices are to be by the ton. Award will be based on our quantities and your unit prices. Payment will be based on actual in place quantities.
- The Town of Locust Fork will be responsible for purchasing asphalt material from the Blount County bid. Clipping, sweeping, tack coat, mobilization, and traffic control are to be subsidiary obligations of the paving activity.
